

European Event of The Year

2. - 6. august 2023

MG 100 years 1923-2023

MGCC Denmark 1973-2023

100-YEAR ANNIVERSARY

In 2023, it's been 100 years since the car brand MG first saw the light of day. That calls for a celebration, and so we are happy to announce that this year, MG Car Club Denmark has the honour of hosting the European Event of the Year, welcoming all MG enthusiasts from all over Europe. The event will span over a couple of days in August and take place at Hindsgavl Castle on Funen. We have put together an exciting and entertaining programme with most events taking place in the park of the castle. In addition, some of the days will have outings by car arranged for all MG enthusiasts around Funen and Jutland.

Market Day at the Castle Park and Courtyard

On Saturday August 5th, the park at Hindsgavl Castle will be filled with music and stalls. In addition to the competition activities and exhibitions of the day, there will be a marketplace with stalls carrying products you won't find at many other markets. The marketplace will be filled with an array of classic automobile products within clothing, spare parts, picnic products as well as locally produced goods to take home and to enjoy at the market. In short

– a great experience for everyone...

European Event of the year

Some examples of what you can experience at the event...
